Freezing Rain

Low pressure moving north up the mid Atlantic coast brought a period of light freezing rain to much of northern Connecticut. Ice accretion was under one quarter inch, but the freezing rain left black ice on roads, causing dozens of accidents at the end of the Thanksgiving weekend, usually a busy travel day. Temperatures warmed into the 40s by late morning, ending the danger of icing

Freezing Rain

Low pressure moving north up the mid Atlantic coast brought a period of light freezing rain to southwest New Hampshire. Ice accretion was under one quarter inch, but the freezing rain left black ice on roads, causing dozens of accidents at the end of the Thanksgiving weekend, usually a busy travel day. A portion of the F.E. Everett Turnpike in Nashua had to be shut down for about an hour, when it became nearly impassable due to icing. Temperatures warmed into the 40s by afternoon, ending the danger of icing.

Northwest Providence - Western Kent

26 0700EST 0 0 Freezing Rain
 1000EST

Low pressure moving north up the mid Atlantic coast brought a period of light freezing rain to much of northern Rhode Island. Ice accretion was under one quarter inch, but the freezing rain left black ice on roads, causing dozens of accidents at the end of the Thanksgiving weekend, usually a busy travel day. A series of minor accidents on Interstate 95 in West Greenwich forced the closure of the highway for nearly two hours. Temperatures warmed into the 40s by late morning, ending the danger of icing.
